Conference on
Advanced Technologies in Security Systems
“Securing Business and Beyond”
29 - 30 January 2010 : Hotel Accord Metropolitan, Chennai

CONFERENCE DETAILS

The Confederation of Indian Industry (CII), Southern Region, in partnership with Tamil Nadu Technology Development and Promotion Center (TNTDPC) is organising a two day Conference on **Advanced Technologies in Security Systems** with the theme of “Securing Business and Beyond” on 29th - 30th January 2010 at Hotel Accord Metropolitan, T Nagar, Chennai.

The objectives of the Conference are to facilitate knowledge flow by working with international organisations through bi-lateral/multi-lateral cooperation mechanisms, know the effects of high technology on internal security; forging partnerships for collaborative research and product development with Indian industry and interacting with the government to establish policy. The conference shall pave way for collaborative industrial product development, exploring new markets and mutual investment opportunities. The conference could play a vital role in understanding the current security requirements with reference to businesses and other societal requirements. It would enable stakeholders to better cater to the current security needs.

Sessions in the conference are expected to be around:

- **Internal Security Awareness.**
- **Advanced Technologies in Security Systems.**
- **Sharing Best Practises in Security Systems.**
- **Future approach – Defence Internal Security.**
- **Way ahead: Technology for security and early warning.**
- **Panel Discussion on Technological Advancement in Security Systems.**
- **Facilitations on the new technologies in Security systems.**

Around 200-250 senior management personnel from diverse industries from all over India and overseas are expected to attend this conference. They would be senior management personnel from manufacturers of security products, Central / State Ministers, Government Departments (Central & State), Police Officials, Industrialists, R&D Directors, Project Investment Managers, R&D Project Managers, Product Managers, General Engineers, Project management and Engineers Creating Security Systems / Science and Technology Institutes / R&D, Companies handling Security Systems/Surveillance / Accreditation Agency on security systems / Academicians, Institutions, Policy makers and many others.
